“It is not often that you can find a fun book to teach you about the finer points of being a moose - this book is excellent for that! Moose and Magpie learn from each other and keep life fun. You will enjoy this one and so will your kids.”- *In the Pages*

“After children read *Moose and Magpie*, they will be spouting off facts about moose all day long, with a smile on their faces!”- *Feathered Quill Book Reviews*

“Kids will love the jokes that Magpie tells Moose while at the same time they will learn about an amazing and majestic animal of our natural world.”- *Stories from Children Magazine*

It isn't easy being a moose.....

You're a full-grown adult at the age of one, and it itches like crazy when your antlers come in! In Bettina Restrepo's *Moose and Magpie*, young Moose is lucky to find a friend and guide in the wisecracking Magpie. “What do the liberty bell and moose have in common?” the Magpie asks as the seasons begin to change. Then, when the hunters come: “Why did the moose cross the road?” Vivid illustrations by Sherry Rogers bring these characters to life. Laugh along with Moose and Magpie, and maybe—just maybe—Moose will make a joke of his own!

The “For Creative Minds” educational section includes:

- Is it for real? Moose and Birds
 - What do moose eat?
- Match the moose body part to its adaptation
 - Moose antlers
 - Moose life cycle
