"Vibrantly colored and detailed illustrations add to the book's appeal, and unique back matter contains information about camouflage and protection, fun facts, and a painting activity. This 'complete package' is a must in schools, homes, and libraries with young children." - *Children's Literature Comprehensive Database*

"It is one of those stories that teaches children in spite of themselves. I always like it when I can find a child enjoying a book and taking in information at the same time."- *The Old Schoolhouse Magazine*

"There is so much you can do with this book. There is something to learn and enjoy for toddlers on up, and the facts and suggestions at the back have something for each learning stage, from colors to nature to science."- *The Reading Tub*

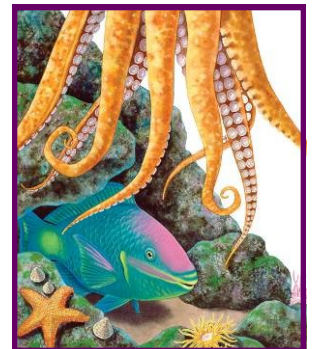

Imagine an octopus that shoots yellow ink clouds!

Octavia Octopus and her sea-animal friends love playing camouflage games to practice how they would hide or protect themselves from a "big, hungry creature" in *Octavia and Her Purple Ink Cloud*. But Octavia just cannot seem to get her colors right when she tries to shoot her ink cloud. What happens when the big, hungry shark shows up looking for his dinner?

Octavia and Her Purple Ink Cloud was vetted for scientific accuracy by the educators at SeaWorld and the South Carolina Aquarium. Children, parents, and teachers will love the "For Creative Minds" educational section that includes:

- Fun Facts about animal camouflage and protection techniques
- Information about Octopuses
- An octopus ink cloud craft using primary colors (online)
