A Year of Stormy Weather

Cozy up for this great rainy day read! *Prairie Storms* gives you a front row seat to learn about a year of ever-changing prairie weather, and how the animals living in these grasslands adapt and survive in this harsh climate. Each month, read about a new animal, and learn about everything from how a prairie chicken can survive the January snows to how an earless lizard escapes the harsh, unrelenting drought of August. Told in lyrical prose, this story is a celebration of the great American prairies. For Ages 5-10

For Creative Minds

Teachers and Parents will love the educational section, which includes the following educational activities:

- Grassland Habitat
- Grasslands Around the World
- Weather or Seasons?
- Animals, Weather, and Seasonal Changes: T or F?

Plus, 60-70 pages of cross-curricular **Teaching Activities** and three Interactive Reading Comprehension and Math **Quizzes** on *Prairie Storm's* homepage (www.SylvanDellPublishing.com) to help parents and educators extend the learning possibilities. Thanks to Dr. Jeff Masters, Director of Meteorology at Weather Underground Inc. for checking the accuracy of the weather information, and to staff at Tail Grass Prairie National Preserve for checking the accuracy of the Prairie information.
