Hey Diddle Diddle

2011 New Release from
Sylvan Dell Publishing

A Food Chain Tale

Sing along to this light-hearted romp while learning about different food chains within a single ecosystem. Which animals come out on top, and which animals end up as snacks? *Hey Diddle Diddle* teaches children about the food web, the circle of life, and the part that each living creature plays within an ecosystem. This book is so much fun, kids will have a hard time believing they're actually learning. You'll be singing *Hey Diddle Diddle* long after you close the book. (Ages 3-8)
