BABY BAT NEVER WANTS TO GROW UP!

Baby Bat loves his cave and never wants to leave it. While practicing flapping his wings one night he falls, and Pluribus Packrat rescues him. They then explore the deepest, darkest corners of the cave where they meet amazing animals--animals that don't need eyes to see or colors to hide from enemies. Baby Bat learns how important bats are to the cave habitat and how other cave-living critters rely on them for their food. Will Baby Bat finally venture out of his cave to help the other animals?
