

# Meet the Planets

**New Release Spring 2011 from Sylvan Dell Publishing**

Soar into the Solar System to witness the first Favorite Planet Competition, emceed by none other than the former-ninth planet, now known as dwarf planet Pluto. The readers become the judges after the sun can't pick a favorite and the meteors leave for a shower. Who will the lucky winning planet be? Could it be speedy-messenger Mercury, light-on-his-feet Saturn, or smoking-hot Venus? Readers learn all about each planet as Pluto announces them with short, tongue-in-cheek facts. Children will spend hours searching the art for all the references to famous scientists and people of history, space technology, constellations, art, and classic literature.
