A Year of Stormy Weather

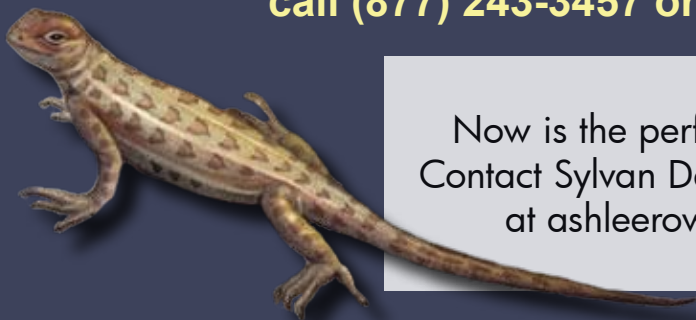

Cozy up for this great rainy day read! *Prairie Storms* gives you a front row seat to learn about a year of ever-changing prairie weather, and how the animals living in these grasslands adapt and survive in this harsh climate. Each month, read about a new animal, and learn about everything from how a prairie chicken can survive the January snows to how an earless lizard escapes the harsh, unrelenting drought of August. Told in lyrical prose, this story is a celebration of the great American prairies. (Ages 4-9)
