The Glaciers are Melting!

Chicken Little may have thought the sky was falling but Peter Pika is sure the glaciers are melting and is off to talk to the Mountain Monarch about it. Joined along the way by friends Tammy Ptarmigan, Sally Squirrel, Mandy Marmot, and Harry Hare, they all wonder what will happen to them if the glaciers melt. Where will they live, how will they survive? When Wiley Wolverine tries to trick them, can the Mountain Monarch save them? More importantly, can the Mountain Monarch stop the glaciers from melting?

Henry the Impatient Heron Winner of the Mom's Choice Award

Henry the Heron couldn't stand still! He was always moving, and it drove everyone crazy! His brother and sister yelled at him for stepping on their heads, and Mom and Dad could barely get food into his little baby mouth. But herons have to stand still to catch their food, so how would Henry ever be able to eat on his own? In *Henry the Impatient Heron*, Donna Love takes readers along with Henry as he learns a valuable lesson from the King of Camouflage! Hilarious and lighthearted illustrations by Christina Wald complement the important lesson in the text. It is a meaningful lesson for both herons and kids alike, which teaches the importance of just being still!

Not only is Donna's book fun, but it's educational, too!

The Glaciers are Melting! features a "For Creative Minds" section (see below), Cross-curricular "Teaching Activities," English/Spanish eBooks and audio, child-friendly "Related Websites," and Comprehension & Math quizzes, all available at www.SylvanDellPublishing.com.
