## FOR IMMEDIATE RELEASE

### **Educational children's book publisher offers multi-lingual picture books**

**MT. PLEASANT, S.C. (July 10, 2008)** - Educational children's book publisher Sylvan Dell Publishing now has all 35 of their online eBooks available in Spanish translation. This is ideal for schools, educators, homeschoolers and parents nationwide.

Sylvan Dell was founded in 2004 by Lee and Donna German, in an effort to spread "Science and Math Through Literature." Since then, the Sylvan Dell family has grown to include over 50 authors and illustrators and 35 titles, honored as nominees, finalists or winners of more than 50 book awards. Each book contains a special "For Creative Minds" section, which provides fun activities and information to enhance the book's educational value.

The multi-lingual aspect of Sylvan Dell's eBooks allows for limitless educational possibilities. The eBooks allow parents and educators to seamlessly transition between English and Spanish audio *and* text. In a broader sense, the eBooks are ideal for English as a Second Language students and for stressing cross-curriculum learning. For example, students can easily practice elementary science vocabulary in English and Spanish. Classrooms can mix English text with Spanish audio, Spanish text with English audio, or keep things monolingual.

Availability and cost vary greatly, depending on the intended use of each eBook. It breaks down as follows:

Individual eBooks for a single homeschooler, family or classroom:

\$6.95 per title (Spanish eBook translations are included in that price)

Incremental Site License for 10 or fewer titles:

\$50 / title per school

Good for one year unlimited access (Second year free if schools sign up now)

Standard Site License for 11-35 titles:

Base price is \$599 per school

Good for all books (35 titles), one-year unlimited access (Second year free if schools sign up now)
