Sylvan Dell eBooks Voted Top Product by *District Administration*

Mount Pleasant, S.C. Dec. 3rd, 2010 -- Sylvan Dell Publishing eBooks and eBook Site Licenses voted one of *District Administration* magazine's "[Readers' Choice Top 100 Products](#)" of 2010.

District Administration is the most-widely read information source for K12 administrators across the United States. K12 district executives rely on *District Administration* to discover smart solutions for the many challenges and opportunities they face every day. From the thousands of nominations received, readers' votes narrowed the list down the list of products to the top 100 best products of the year. Sylvan Dell's eBooks held their own against products such as the Apple Ipad and Google's education apps to earn its place as a top "must have" product for school districts this year.

Sylvan Dell makes it its mission to promote a cross-curricular learning experience in every book they publish. Each eBook and eBook site license comes with interactive features such as auto-flip, auto-read, and selectable English and Spanish audio and text. Sylvan Dell's *Science and Math Through Literature* program incorporates reading, science, math, geography, character skills, and language learning in each and every title. Both Sylvan Dell's "For Creative Minds" section and extensive online teaching activities make it easy for educators to create lesson plans no matter what goals they have in mind for their students. Schools can purchase unlimited access to all of Sylvan Dell's eBooks for use in the classroom, and can even get whole families involved by allowing parents to access the eBooks from the school's webpage, ensuring that reading and learning doesn't have to end just because the school day did.

"The site license has made a significant impact toward the use of technology infused with instruction at our elementary school. Teachers have enjoyed using this valuable resource during the day as well as extending the lessons to home use, encouraging the parents' involvement in the evening...beyond the classroom setting." *Debbie Celeste, Media Specialist at Huntingtown Elementary School (MD)*.
